

# John Sasser

Integrations and  
Technical Solutions

## Profile

I have a passion for delivering custom software solutions. Positioned to work on enterprise deliverables with clear communication, and passionate individuals.

## Employment History

### Implementation and Integrations Specialist at WelcomeHome Software, Atlanta GA

August 2022 — Current

- Data cleaning, mapping and transforming for enterprise implementation of web-based CRM tooling.
- Instantiation, configurations and custom API integrations builds of client-specific software integrations.
- Daily cross-departmental open communication, to meet deadlines and provide deliverables by Go-Live dates.

### Freelance Web Developer, Atlanta GA

January 2020 — August 2022

Full Stack Web Developer, end-to-end application development.

### Private Instructor at The Overlook Boulder + Fitness, Atlanta Ga

April 2021 — Current

- Private climbing instruction and group led climbing activities to build teamwork for corporate events.
- Client engagement and retention.

### Web Developer at Atlanta Regional Commission, Atlanta GA

June 2020 — March 2021

Full Stack Web Developer, end-to-end application development on multiple Data Visualization tools for the ARC. Responsible for working collaboratively to build, maintain, debug, and optimize web applications.

[  
**Metro Housing Data Explorer**

- <https://metroatlhousing-data-explorer.herokuapp.com/>

I was responsible for the front-end development and UX/UI of the tool. I built the subarea selector, custom dropdown, Chart, Table, Header & Footer Components. I designed and build the ToolTip data overlays between the map and indicators and comparative analysis between the subarea data and the Geo Tracts.

- <http://data.neighborhoodnexus.org/>

I built, animated, and styled the Tile Layer Buttons in the top right corner of the map. The Second button, Tile Layer Selection Button Is a custom dropdown that (after selection) maps over the geo census tracts selected and returns data by filtered ID fields.

#### [Atlanta Region Eviction Tracker]

- <https://metroathousing.org/atlanta-region-eviction-tracker/>

I am responsible for the chart component, all functions inside the chart, and the header portions of the tool, including the county region drop-down, filtering of data, title, and all button functionality on site.

#### **Account Manager at TSYS Health Merchant Processing, Aurora CO**

January 2019 — September 2019

- The highest office conversion ratio for key account acquisitions.
- All client solutions delivered before deadline.
- Liaise between client and internal teams and adjusted time-frames were needed.

#### **Sales Executive at Zillow Group, Centennial CO**

November 2017 — August 2018

- Exceeded monthly sales objectives through consistent follow-up and cultivating client relationships.
- Highest-percentile, inbound conversion ratios per region.

#### **Sales & Marketing Consultant at Home Advisor, Golden CO**

October 2016 — November 2017

- Exceeded monthly sales objectives through consistent follow-up and cultivating client relationships.
